TOWN WARRANT
STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Newport, qualified to vote on Town Affairs:

You are hereby notified and warned to meet at the Town Hall in said Town of Newport on the second Tuesday of March next at nine o'clock in the forenoon to act upon the following subjects:

ARTICLE 1. To elect a Selectman for a term of three years; to elect a Town Treasurer; and a Town Clerk for the ensuing year.

ARTICLE 2. To elect a member of the Trust Fund Commission for three years and all other officers, Auditors, Agents and Committees necessary for the Town Business.

ARTICLE 3. To see if the Town will vote to authorize the Selectmen to employ State Auditors to inspect and audit the books of the Town and its departments for the ensuing year, and pass any vote in relation thereto.

ARTICLE 4. To hear the reports of Selectmen, Town Treasurer, Auditors and Committees heretofore chosen and pass any vote in relation thereto.

ARTICLE 5. To see if the Town will vote to authorize the Selectmen and Town Treasurer to borrow money on the notes of the Town in anticipation of Taxes, and pass any vote in relation thereto.

ARTICLE 6. To see what discount the Town will vote to allow on 1958 taxes if paid within ten days of the posting of the tax invoice.

ARTICLE 7. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's deeds or in any other manner.

ARTICLE 8. To see if the Town will vote to approve and adopt the recommendations of the Budget Committee, raise and appropriate the various sums contained in the report and listed in the Budget which includes the following recommended special appropriations:

- (a) To see if the Town will vote to appropriate the sum of \$4,000.00 to be used in conjunction with other monies previously appropriated for the reconstruction of North Main

Street, said reconstruction to include the construction of a sidewalk on the easterly side of North Main Street to the New Junior High School.

- (b) To see if the Town of Newport will appropriate the sum of \$300.00 to the Lake Sunapee Board of Trade for the purpose of advertising and promoting the area.
- (c) To see if the Town will vote to raise and appropriate the sum of \$500.00 for the purpose of publicizing and promoting the natural advantages and resources of the Town, together with other Towns in the Dartmouth-Lake Sunapee Region and pass any vote in relation thereto.

ARTICLE 9. To see if the Town will vote to appropriate the sum of \$6,000.00 for the purchase of a sidewalk crawler tractor with plow. (This article and the appropriation therefore of \$6,000.00 is submitted without recommendation of the Budget Committee.)

ARTICLE 10. To see if the Town will vote to appropriate the sum of \$500.00 for the purpose of obtaining the services of an engineer to survey and make recommendations to the Selectmen in regard to installing a sewerage system on Sandy Lane. (This article and the appropriation of \$500.00 is submitted without recommendation of the Budget Committee.)

ARTICLE 11. To see if the Town will vote to appropriate the sum of \$1,000.00 for the purpose of obtaining the services of an engineer to survey and make recommendations to the Selectmen in regard to the extension of the sewer system from the Newport Hospital on Summer Street to the end of Summer Street, including Swan Road. (This article and the appropriation herefore of \$1,000.00 is submitted without recommendation of the Budget Committee.)

ARTICLE 12. To see if the Town will raise and appropriate \$6,000.00 to extend sewer line from Newport Hospital to end of Summer Street approximately 1400 feet. (This article and the appropriation of \$6,000.00 is submitted without recommendation of the Budget Committee.)

ARTICLE 13. To see if the Town will vote to adopt a Zoning Ordinance as recommended by the Newport Planning Board.

ARTICLE 14. To see if the Town will vote to authorize the moderator to appoint a committee of five persons, which shall include the Chairman of the Board of Selectmen, to investigate the causes of the water shortage problem in Newport, and make a report

with recommendations at the next annual Town Meeting, including among other things, the desirability and availability of a new water source, said investigation being made with a view towards eliminating any possible re-occurrence in the future.

ARTICLE 15. To transact any other business which may legally come before said meeting.

(Polls shall be open for the reception of ballots at 9:30 A.M. and shall not be closed earlier than 7:00 P.M.)

Given under our hands and seal at Newport, New Hampshire this 24th day of February, 1958.

FIRE DEPARTMENT REPORT

To the Board of Selectmen and Citizens of Newport:

The Fire Department in 1957 responded to 134 calls which are listed as follows:

106 Still Calls
16 Bell Alarms
12 Out of Town Calls

The ramp in front of the engine house has been completed and a new retaining wall on the east side of the ramp has been installed.

The fire trucks and equipment are in good condition. The men are well trained and equipped and respond well to the alarms.

The fire loss for the year as estimated by insurance was \$40,100.00 of which one fire accounts for over half of this loss.

I wish to thank the Firemen, Selectmen and the citizens of Newport for their splendid cooperation this past year.

Respectfully submitted,

HERBERT H. WRIGHT

Chief of the Fire Department

POLICE DEPARTMENT REPORT

To the Board of Selectmen and Citizens of Newport:

Roster of the Department:

1. Alexander P. Lewko, Chief
Appointed March 30, 1946
2. Marshall C. Perkins, Sergeant
Appointed September 7, 1931
Retired May 28, 1957
3. Arthur L. Lake, Patrolman
Appointed April 3, 1948
4. Floyd Fowler, Patrolman
Appointed October 16, 1952
5. Norman LaCroix, Patrolman
Appointed June 1, 1954
6. Jack Willey, Patrolman
Appointed July 15, 1957
7. Harold Hurd, Special Officer
Appointed July 13, 1956
8. Norman K. Bentley, Special Officer
Appointed March 25, 1957
9. Edward C. Reney, Jr., Special Officer
Appointed March 25, 1957

In addition to the above officers listed, officers from the State Police, Motor Vehicle Inspectors and Legion Police assisted the department on numerous occasions such as Halloween, Winter Carnival, Firemen's Convention, Football Games, Holidays, etc.

After 26 years of faithful service to the Town of Newport, Sergeant Marshall C. Perkins retired due to illness. At this time I would like to publicly acclaim Marshall C. Perkins for the services he rendered as Police Officer of the Newport Police Department.

The following is a summary of the various activities and duties performed by the department during 1957:

Complaints received	1,091
Traffic Accidents Investigated	107
Persons injured in Traffic Accidents	29
Doors and windows found unlocked and secured	134
Persons accepted for night lodging	75
Street lights found out, reported	150
Lost property recovered and returned to owners	\$143.50
Stolen property recovered, returned to owners	\$4,675.78

Parking tags issued	1,876
Parking Meter violations paid	\$285.10
Prisoners taken to House of Correction, Unity	14
Persons taken to State Hospital, Concord	2
Emergency messages delivered	81
Bank Escorts	1,143
Blood relayed to local hospital	18
Persons taken to hospital in cruiser	17
Persons held for other Police Departments	15
Juveniles investigated	34
Suicides investigated	3
Miles traveled in cruiser	23,400 miles

1957 showed a marked increase in the total amount of both criminal and motor vehicle violation arrests from a total of 256 in 1956 to 373 in 1957. 114 criminal arrests and 255 motor vehicles violations were made in 1957 as a result of complaints and investigations made by the police department.

1. Crimes against Property:

Grand larceny 2; Breaking and entering 1; Sell mortgaged Property 1; Petty Larceny 7 — Total 14.

2. Crimes against Persons:

Simple assault 4; Brawl and tumult 8 — Total 12.

3. Crimes against Public Policy:

Depositing rubbish 20; Fish & Game 5; Failing to dispose slash 1; Making false statements for Unemployment Security 11; Failing to send children to school 3; Failing to restrain dogs 1 — Total 41.

4. Crimes against Chasity, Morality and Good Order:

Drunks 36; Non-Support 8; Giving beer to minors 2; Fornication 1; Contributing to the delinquency of minors 3; Disorderly conduct 2 — Total 52.

5. Violations of Motor Vehicle Laws:

Speeding 104; Operating without license 14; Operating under influence of liquor 13; Careless and negligent driving 12; Reckless driving, death resulting 1; Reckless driving 12; Passing a school bus 5; Others 94 — Total 255.

The largest category of motor vehicle violations was in speeding, 108 in 1957 compared to 47 in 1956. In addition to arrests and warnings the department investigated 107 motor vehicle accidents which occurred in this town in 1957 compared to 122 in 1956. Personal injuries in 1956 were 34 compared to 29 in 1957, 1 fatality in 1957 com-

pared to 2 in 1956. This shows a decrease in each which is very encouraging and which may be attributed to more careful driving habits and strict enforcement of motor vehicle laws.

A certificate of merit was again issued this year to the Chief of this department in appreciation of faithful and meritorious service to the public and highway safety from Mr. Frederick N. Clarke, Commissioner of Motor Vehicles in the State of New Hampshire.

Juveniles:

A total of 34 juveniles were investigated by this department in 1957 compared to 23 in 1956 and of the 34 juveniles investigated 26 appeared in court.

The following is a summary of juvenile crimes involved and their disposition:

Total	To Industrial								
7 thru 10	School								
11 thru 14	To Welfare Dept.								
15 thru 17	To Other								
Non-Resident	Institutions								
Probation									
Breaking & Entering	10	0	2	8	0	1	0	0	9
Larceny	5	0	2	3	0	1	0	0	4
Larceny of car	3	0	0	3	1	0	0	2	1
Taking car without owner's consent	2	0	2	0	0	0	0	0	2
Arsons	1	0	1	0	0	0	0	0	1
Sex	1	0	0	1	0	0	0	0	1
Cruelty to animals	1	0	1	0	0	0	0	0	1
Neglected Children	3	3	0	0	0	0	3	0	0

Additional Activities:

Policing the Sunapee and Cheney Street crosswalks during school days, cruiser patrol of North Main Street during noon hour of school days, taking care of school signs, traffic duty at the Sunapee and Canal Street intersection, checking parking meters, licensing bicycles, taxi cabs and taxi drivers, investigations for other departments, reports for many agencies in government and private industries are few of the many activities that beset a police department in these times

This report is made to the citizens of Newport to heighten public awareness and become acquainted with the agency to which it looks for protection. Law enforcement in any community is only as good as the people of that community demand it to be. Mainly we wish to

ask for the cooperation of our citizens. Law and order can be maintained only through a community partnership. The success of this partnership is determined not only by the extent and quality of public aid to their police officers but also by the ability of its police officers to inspire confidence and justify public support from its citizens.

Respectfully submitted,

ALEXANDER P. LEWKO

Chief of Police

CEMETERY REPORT

To the Board of Selectmen and Citizens of Newport:

During the past year the general upkeep of the cemeteries was carried out which includes mowing, raking, straightening stones and the repair of sunken graves. Due to the extremely dry season there were more sunken graves to repair than over previous years.

Two large trees that were endangering the old grave stones in Pine Street Cemetery were taken down.

Tool sheds were checked and repaired where needed. Due to more and larger power driven equipment, additions were built on the Pine Grove and North Newport tool sheds.

Work has progressed on the new section of Pine Grove Cemetery. A catch basin was built and 360 feet of drain pipe was put in. Grading and leveling will be done this coming year and by fall it should be ready for use.

There were 94 burials in Newport during 1957, 50 were in Pine Grove, 25 in St. Patrick's, 14 in No. Newport and 5 in Maple St. Cemetery.

Respectfully submitted,

PAUL DeCOST

NEWPORT HOSPITAL REPORT FOR THE FISCAL YEAR 1957

February 20, 1958

To the People of Newport:

In 1957 I completed my first year as administrator of your hospital. During this year I am proud to state that we have established several new records with reference to the operation of the hospital. These records will be enunciated later in a report. In addition, your hospital is one of the very few in this state granted an unconditional three year approval by the Joint Commission on Accreditation of Hospitals.

The general condition of the hospital plant and grounds is excellent. However, next spring we will have to repaint all of the wooden facings on the outside of the hospital and at least four rooms inside the hospital. It will also be necessary to do major repairs to the flagstone entrance to the front of the hospital. To keep the cost at a minimum, we will utilize our own employees whenever possible.

In 1957 the following pieces of new equipment were purchased: For the operating room — a conductive shoe tester, instrument table, cardiac monitor, air conditioning unit, recovery stretcher and gomco suction machine (delivered 1958). For X-ray — portable x-ray and x-ray cassettes and tunnels. In Obstetrics — one sterilizer and a suite of furniture for room 12. In the medical and surgical department — three chairs, three electric fans, and one dressing cart (delivered in 1958). For other departments — a time clock and safe. Still on order as a result of funds voted at the start of 1958 by the Ladies' Auxiliary is a fracture table, three mattresses and two beds.

A review of operations for the year show that such operations resulted in an excess of expense over income of \$9,402.18 as compared with an excess of income over expense of \$84.68 in 1956 and an excess of expense over income of \$1,783.43 in 1955. A summary of operations for the past three years follows:

	1957	1956	1955
Total net income from services	\$134,655.06	\$113,145.16	\$111,508.14
Total Service expense	168,751.44	148,322.58	136,278.40
Excess of service expense over service income	34,096.38	35,177.42	24,770.26
Total other income	38,503.32	47,641.29	34,951.78
	4,406.94	12,463.87	10,181.52
Total other expense	13,809.12	12,379.19	11,964.95
Excess of income over expenses for the year	(9,402.18)	84.68	(1,783.43)

Net income from services increased \$21,509.90, service expense increased \$20,428.86, including an increase in salaries and wages paid of \$19,806.99, resulting in a net decrease in excess of service expense over service income of \$1,081.04. Other income included an appropriation of \$20,000 from the Town of Newport as compared with a 1956 appropriation of \$14,000. Also included in other income was \$1,111.78 received from the Wright Hospital Building Fund. 1956 other income included a non-recurring \$10,000 grant from the Ford Foundation. Current accounts receivable and those in the hands of a collection agency totaled \$47,500.51 at December 31, 1957 representing an increase of \$13,812.66 over the balances due at December 31, 1956.

During the year equipment purchases were \$4,896.35. Other statistics are as follows: patient days — 6,569, admissions — 844, births — 130, major operations — 147, minor operations — 567, out-patients treated — 3,475, x-ray — 1,727, laboratory tests — 9,229. Of the above, new records were established for patient days, admissions, combined total of major and minor operations, out-patients treated and laboratory tests. In addition, we established a new high monthly average census and high daily census.

Needless to say, none of this could be done without the devotion of all the people in the town whether employed by the hospital or merely friends of the hospital in giving so freely of their advice, time, services, and funds.

Respectfully submitted,

ADEN H. CLUMP

EXCESS OF EXPENSES OVER INCOME		(9,402.18)

1957 PUBLIC WORKS HIGHLIGHTS

To the Board of Selectmen and Citizens of Newport:

I hereby submit my report as follows:

Town Road Aid

In 1957 we finished graveling and paved five tenths of a mile the road from Oak Street to North Newport.

We removed the old bridge on the Kellyville to North Newport road and in its place we put in a 6 ft. x 32 inch culvert. We also replaced a bridge on Chandlers Mill Road with an 8 ft. x 30 inch culvert.

Two new culverts were installed on the Cutts Road, one 6 ft. x 24 inch and the other 24 inch x 24 inch. Also eight tenths of a mile of the Cutts Road was excavated and widened.

One half mile of Whitcher Road was widened and graveled and in 1958 we plan to shape and oil it.

Oiling

Over 30,000 gallons of tar and asphalt was applied to streets and roads in and around Newport.

General Construction & Repairs

Several old culverts were replaced with new ones around town.

During 1957 we repaired the Cross Street Bridge, Oak Street Bridge and the Pollards Mill Bridge.

In addition to the above, throughout 1957 we patched holes in roads around town and cut brush along some of the back roads.

Respectfully submitted,

MERTON GOBIN

FOREST FIRE PREVENTION IS EVERYBODY'S BUSINESS

Newport, N. H.

January 21, 1958

New Hampshire faces a continuing challenge in its forest fire problem — 97 percent of all our forest fires being man-caused and preventable — a serious indictment of interest in our own welfare and that of our neighbor. Both the State and the towns are striving diligently to effectively meet the challenge through education of the public to the threat fire presents to our woodlands; by maintaining a well trained corps of wardens and deputy wardens in every community and by providing ample opportunity for all who wish to dispose of unwanted waste materials. Careless and perverseness, however, continue to be the big hurdles.

Thoughtlessly discarded lighted cigars, cigarettes and matches from moving vehicles, by hikers, hunters and fishermen; careless burning of debris during hazardous periods in dangerous locations; illegal burning; improperly extinguished debris, camp and cook fires — all result in serious loss of property, disruption of industry and farm work and unnecessary expenditure of town and state funds.

To meet the challenge successfully, the state, your community and your local forest fire warden need YOUR thoughtful and cooperative effort — The rules are simple.

1. Don't burn at home — use your town dump and avoid all fire problems.

2. If you do burn, be sure to secure a written permit from your local forest fire warden when the ground is not covered with snow. Permits are required for open debris fires, home incinerators, outdoor fire places and camp fires. Your warden is instructed to permit burning if weather conditions, site and type of burning are safe.

3. Be sure that all lighted material — cigars, cigarettes and matches — are completely out before discarding them. Use ash trays in automobiles.

4. Make certain that your debris, camp and cook fires are completely out before leaving them.

5. Insist that others be careful and comply with burning requirements.

6. Call the warden promptly when fire is detected and aid him to extinguish it.

REMEMBER — The fire you prevent might be the one which could burn YOUR property.

REMEMBER — FOREST FIRE PREVENTION IS EVERYBODY'S BUSINESS AND OUR MOST IMPORTANT UNDERTAKING.

1957 Forest fire record for your town

Number of fires 3 Acreage burned 2 Number of permits issued 59

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

January 6, 1958

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Town of Newport for the fiscal year ended December 31, 1957. In our opinion, the Exhibits included herewith reflect the true financial condition of the Town of Newport on December 31, 1957, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,
Harold G. Fowler
Director

**DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION**

Norval D. Lessels, Auditor
Hugh J. Cassidy, Accountant

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

SUMMARY OF FINDINGS AND RECOMMENDATIONS

February 6, 1958

Board of Selectmen
Newport, New Hampshire
Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Town of Newport for the fiscal year ended December 31, 1957, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Water and Sewer Departments, Trustees of Trust Funds and Municipal Court.

FINANCIAL STATEMENTS

Comparative Balance Sheets: December 31, 1956-December 31, 1957:
(Exhibit A-1)

Comparative Balance Sheets as of December 31, 1956 and December 31, 1957, are presented in Exhibit A-1. As indicated therein the Net Debt decreased by \$4,109.86 during 1957.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Decrease in Net Debt	
Long Term Notes and Bonds Paid	\$26,500.00
Increase in Net Debt	
Net Budget Deficit	\$20,365.60
Tax Liens Transferred to Tax Deeds	24.54
Surplus Used to Reduce Tax Rate	2,000.00
	<hr/>
	\$22,390.14
	<hr/>
Net Decrease	\$ 4,109.86

Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues: (Exhibits A-3 & A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1957, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a net overdraft of appropriations of \$19,435.51, plus a revenue deficit of \$930.09, resulted in a net budget deficit of \$20,365.60.

Summary of Receipts and Expenditures: (Exhibit B-1)

A summary of receipts and expenditures for the fiscal year ended

December 31, 1957, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1957, is indicated in Exhibit B-2. Statement of Long Term Indebtedness: (Exhibit H)

A statement of long term indebtedness as of December 31, 1957, showing annual debt service requirements, is contained in Exhibit H.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. Accounts receivable of the Water and Sewer Departments were also verified by sending notices to persons whose names appeared on the delinquent lists.

GENERAL COMMENTS

Current Surplus:

It is noted that the current surplus (excess of total assets over current liabilities) decreased by \$22,390.23, from \$83,497.13 to \$61,106.99, during 1957, as shown herewith:

	Dec. 31, 1956	Dec. 31, 1957
Total Assets	\$239,405.24	\$220,405.66
Current Liabilities	155,908.11	159,298.67
	<hr/>	<hr/>
Current Surplus	\$ 83,497.13	\$ 61,106.99

Appropriation Overdrafts and Application of Municipal Budget Law:

It is noted that in the fiscal year ended December 31, 1957, there was a net overdraft of appropriations amounting to \$19,435.51. In other words — total expenditures exceeded total appropriations by this amount, as shown herewith:

Overdrafts of Appropriations	\$27,598.54
Unexpended Balance of Appropriations	8,163.03
	<hr/>
Net Overdraft of Appropriations	\$19,435.51

In accordance with the provisions of the Municipal Budget Law (Chapter 32 of the Revised Statutes Annotated) application should have been made to the Tax Commission by the Board of Selectmen, with the approval of the Budget Committee, for a certificate of emergency authorizing expenditures to be made in excess of budgetary appropriations.

Uncollected Poll Taxes — Prior Years' Warrants:

Your attention is again called to the fact that the Town of Newport is each year including in the balance sheet as asset accounts a substantial sum of uncollected poll taxes on the tax warrants of 1954 and years prior to that. As of December 31, 1957, these amounted in total to \$3,428.00. As most of these taxes are probably uncollectible they should be abated by the Selectmen and removed from the Collector's warrants.

To include such worthless assets in the balance sheets year after year is to distort the true financial condition of the Town.

Unredeemed Taxes — Sales a/c Prior Years' Warrants:

It is also noted that as of December 31, 1957, there were unredeemed taxes from the tax sales on account of the levies of 1954 and prior years as follows:

Levy of 1954	\$1,664.72
Levy of 1953	1,113.77
Levy of 1952	1,050.87
Levy of 1951	228.42
Levy of 1950	598.98
Levy of 1949	918.11
Levy of 1948	201.00
Years Prior to 1948	298.09
	<hr/>
	\$6,073.96

Inasmuch as the two year period in which the law provides that redemptions may be made has expired, it is again recommended that tax collector's deeds be given to the town on the properties represented by the unredeemed tax liens.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter

of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Newport for their assistance during the course of the audit.

Yours very truly,

Harold G. Fowler

Director

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

Norval D. Lessels, Auditor

Hugh J. Cassidy, Accountant

**ZONING ORDINANCE
FOR THE
TOWN OF NEWPORT, NEW HAMPSHIRE**

PREAMBLE

The zoning regulations and districts, as herein set forth, have been prepared for the purpose of promoting the health, safety, morals, convenience and general welfare of the Town of Newport, and to provide for the orderly and harmonious development of the community. The zoning regulations and districts have been prepared so as to promote safety from fire, panic, and other dangers, to provide adequate light and air, to prevent overcrowding of land, to avoid undue concentration of population, to provide for the adequate provision of transportation, water, sewerage, schools, parks, utilities, and other public requirements, and to maintain and protect property values.

ARTICLE I

Section 1. Establishment of Districts and Map.

The following Use Districts are hereby created for the purpose of this ordinance:

1. One Family.
2. General Residential.
3. Agricultural.
4. Limited Business.
5. Open Business.
6. Industrial.

Section 2. The aforesaid Use Districts are shown on a Zoning Map of the Town of Newport, said map being provided in three parts, and identified as (a) Central Business Area, (b) Guild, (c) Township.

Said map is hereby incorporated as a part of this ordinance and filed with the Town Clerk and Planning Board. The said map, together with all notations, references, and amendments thereto shall be as much a part of this ordinance as if all were fully described herein.

Section 3. Boundaries of District.

(a) The boundaries between districts are, unless otherwise shown, the center lines of streets, alleys, waterways, or railroad rights of way, or such lines extended.

(b) Where a district boundary line divides a lot, the regulations for the less restricted portion of such lot shall extend not more than 30-feet into the more restricted portion.

Section 4. Coverage of Land Use and Structures by the Zoning Ordinance.

No building or land shall hereafter be used, and no building shall

hereafter be constructed, moved, or altered, except in conformity with the regulations specified for the zone in which such property is situated, as evidenced by a building permit. Normal repairs or restoration or improvement work, interior or exterior, which does not alter the principal use of a building, and are estimated to cost not over \$200.00, shall not be deemed to require a building permit.

Section 5. Continuance of Non-conforming Structures and Uses.

(a) A non-conforming structure or use may be maintained as it existed at the time of the passage of the ordinance.

(b) A non-conforming structure or use which has been abandoned for a period of one year shall not revert to a non-conforming use, but shall be required to conform thereafter to the regulations of the district in which it is located.

(c) A non-conforming structure which suffers damage by fire, flood, wind, or other natural causes, or act of God, or the public enemy to the extent of not more than 75% of the fair market value of the structure at the time may be reconstructed substantially as it existed prior to such damage.

(d) In any case where a building permit has been issued prior to the effective date of this ordinance applying to a structure which would not conform to the regulations of the ordinance, the building plan may be followed to completion, provided that the construction is commenced within six months and completed as soon as reasonably possible.

Section 6. Conditional Uses.

The following uses may be permitted by the Board of Adjustment in any zone where such uses are deemed to be essential or desirable for public convenience or the general welfare:

- (a) Airports or heliports and accessory buildings.
- (b) Governmental buildings.
- (c) Educational institutions.
- (d) Public utility lines, substations, and the like.
- (e) Telephone exchange building.
- (f) Hospitals for the treatment of human beings and accessory buildings.

ARTICLE II ONE-FAMILY DISTRICT REGULATIONS

In a One-Family District, land may be used and buildings may be erected, altered, or used for:

- (a) Permitted Uses
 - (1) One-family dwelling structures.
 - (2) Churches.
 - (3) Recreation and community center buildings of a non-

profit type.

- (4) Day nurseries and kindergartens.
- (5) Farms and gardens incidental to primary residential use but excluding farmyard animals, or any use injurious, noxious, or offensive to the neighborhood.
- (6) Accessory uses customarily incident to the foregoing uses.
- (7) Products raised on the premises may be sold, but no retail stand shall be erected thereon.
- (8) Home occupation.
- (9) House trailer, for a period not to exceed thirty days in each calendar year, and providing there is no payment for the use of land for the purpose.

(b) **Signs.** One sign not exceeding 2-square feet in area indicating the identity of the occupant and use of the premises, except that no sign, if illuminated, shall be of the flashing, animated type, and no sign shall be illuminated with colored lighting; for buildings other than dwellings, no sign exceeding 8-square feet shall be installed or erected; church bulletin boards not to exceed 35-square feet; unlighted signs not over 12-square feet in area pertaining to the sale or rental of property on which said signs are displayed.

(c) **Areas and Lot Arrangement.**

(1) The minimum lot area per dwelling unit shall be 8,000 square feet.

(2) Every lot shall have a minimum width of 80 feet and a minimum area of 8,000 square feet, except that where a lot not complying with these standards was of public record at the time this ordinance became effective, such lots may be occupied by any use permitted in the district.

(3) **Front Setback.** There shall be a front setback of not less than 25 feet, or not less than the average of other buildings within 300 feet each way on the same side of the street, but a front setback of more than 30 feet shall not be required.

(4) **Side Setbacks.** Each lot shall have two side setbacks each having a width of at least 10 feet.

(5) **Rear Setback.** Each lot shall have a rear setback of at least 10 feet. Accessory buildings shall not occupy more than 40% of a required rear setback.

(d) **Exceptions.** Where a one-family dwelling has a floor area of 1500 square feet on two full stories at the time this ordinance became effective, it may be converted to a multiple dwelling, provided that the exterior appearance is not substantially changed, and provided that each dwelling unit has a floor area of at least 500 square feet.

ARTICLE III
GENERAL RESIDENCE DISTRICT REGULATIONS

(a) **Permitted Uses.**

- (1) Any use permitted in the One-Family District.
- (2) Dwellings for two or more families.
- (3) Rooming houses, tourist homes, hotels, motels, provided that one offstreet parking space for each guest unit is provided.
- (4) Grocery or variety stores, provided their location is approved in writing by 75% of the property owners within a 300 foot radius of the lot on which the structure or use is to be located.

(b) **Conditional Uses.**

- (1) Clubs, lodges, or other semi-public accommodations including adequate provision for offstreet parking space for at least 25 cars, and providing the use is approved by the Board of Adjustment.
- (2) Medical centers or other professional arts building including adequate offstreet parking space for at least five cars per professional office.

(c) **Areas and Lot Arrangement.**

- (1) Lot area and setback requirements shall be the same as for the One-Family District.
- (2) The minimum lot area per dwelling unit shall be 4,000 square feet for multiple dwellings.

ARTICLE IV
AGRICULTURAL DISTRICT REGULATIONS

(a) **Permitted Uses.**

- (1) Any use permitted in the One-Family District and the General Residence District.
- (2) Farms and all uses incidental thereto.
- (3) Overnight cabins, organized camps, provided that buildings are separated by a distance of not less than 25 feet.
- (4) Trailer parks, provided that the plan for location and layout is approved by the Board of Adjustment, and provided that the utility plan, including sanitary provisions, is approved by the local Health Officer.
- (5) Hospitals, for the treatment of animals.
- (6) Radio broadcasting station and tower.

(b) **Conditional Uses.**

- (1) The keeping of more than ten swine, provided that the location for this purpose is not within 1,000 feet of a residential or business zone, and provided that the approval of the Board of Adjustment is obtained.
- (2) Automobile or other junk yards, provided their location is

approved by the Board of Adjustment.

(3) Drive-in theatres, provided that the approval of the Board of Adjustment is obtained.

ARTICLE V

LIMITED BUSINESS DISTRICT REGULATIONS

(a) Permitted Uses:

(1) Any use permitted in the One-Family or General Residence Districts.

(2) The following uses:

- a. Art, antique, and gift shops.
- b. Bakeries, including the manufacture of baked goods.
- c. Banks.
- d. Barber and beauty shops.
- e. Book, stationery, and periodical stores.
- f. Business colleges, and similar schools of instruction.
- g. Business or professional offices.
- h. Clothing stores.
- i. Confectionery stores.
- j. Department and furniture stores.
- k. Drug stores, including food dispensing.
- l. Electrical appliance, supply, and radio stores and repair shops.
- m. Florist shops.
- n. Funeral homes.
- o. Grocery, fruit, meat, vegetable and variety stores.
- p. Hardware stores.
- q. Hotels, tourist homes, lodging houses.
- r. Jewelry stores.
- s. Medical and dental clinics or professional arts buildings.
- t. Music stores.
- u. Photographic studios and photographic supply stores.
- v. Restaurants and eating places of all kinds.
- w. Service establishments such as shoe repair shops, laundries, dry cleaners, and the like.
- x. Sporting goods stores.
- y. Theatres or auditoriums.
- z. Wholesale merchandise stores, excluding wholesale storage.

(3) Any uses accessory to and similar to the above, as determined by the Board of Adjustment.

(4) Signs are permitted, provided they pertain only to uses conducted within the buildings.

ARTICLE VI
OPEN BUSINESS DISTRICT REGULATIONS

(a) **Permitted uses.**

- (1) Any use permitted in the Limited Business District Regulations.
- (2) Drive-in restaurants and roadside stands.
- (3) Sign painting, tire, upholstery shops.
- (4) Automobile service stations, garages.
- (5) Automobile and trailer sales.
- (6) Truck terminals.
- (7) Amusement enterprises conducted within a closed building.
- (8) Feed and fuel sales and storage.
- (9) Warehouses and wholesale storage of merchandise.
- (10) Carpenter shops and building material offices and storage.
- (11) Uses accessory to and similar to the above as determined by the Board of Adjustment.

ARTICLE VII
INDUSTRIAL DISTRICT REGULATIONS

(a) **Permitted Uses:**

(1) Any use permitted in the Open Business District and subject to the same controlling limitations as described in the regulations for that district, except that:

a. No dwelling units shall be permitted in the Industrial District, except temporary accommodations for the duration of construction operations.

b. Signs, whether they do or do not pertain to a business conducted on the premises.

c. All uses not otherwise prohibited by law.

(b) **Prohibited Uses.**

- (1) Acid manufacture — chlorine, hydrochloric, nitric, picric, or sulphuric.
- (2) Cement, lime, typhum, or plaster of paris manufacture.
- (3) Distillation of bones.
- (4) Manufacture, or storage in bulk quantities.
- (5) Fat rendering in manufacture of tallow or grease.
- (6) Fertilizer manufacture.
- (7) Processing of garbage or dead animals.
- (8) Glue manufacture.
- (9) Hair manufacture.
- (10) Smelting of ores.
- (11) Petroleum refining.
- (12) Automobile or other junk yard.
- (13) Any other use which is noxious, offensive or deleterious to

the neighborhood by reason of odor, dust, smoke, gas or noise.

(c) **Lot Arrangement.**

(1) No industrial building shall be located within 50 feet of any street, lot line or right of way.

(2) Each industrial plant must provide adequate offstreet freight loading facilities, and offstreet parking space in the amount of one space for each two employees calculated on the employment of the largest shift.

(3) Principal industrial buildings shall not be located closer than 25 feet to each other.

ARTICLE VIII DEFINITIONS

In this ordinance the following terms shall have the following meaning:

(a) **Lot.** Land occupied or designed to be occupied by a building and the accessory buildings or uses customarily incident thereto, including such open spaces as are required by this ordinance. A lot may or may not be the land shown as a lot on a recorded plot.

(b) **Building.** Any independent structure having a roof with structural supports for the housing or enclosure of persons, animals, or chattels.

(c) **Accessory Building.** A detached building located on the same lot as the main building, and the use of which is customarily incident to the principal use of the land or to the main building.

(d) **Nonconforming Use.** A use which lawfully occupied a building or land at the time this ordinance became effective, but which does not conform with the use regulations of the district in which it is located.

(e) **Nonconforming Structure.** A structure which is lawfully maintained at the time this ordinance became effective, but which does not conform with the regulations of the district in which it is located.

(f) **Dwelling.** A building or portion thereof designed for residential occupancy, including one-family, two-family, and multiple dwellings, but excluding hotels, lodging or boarding houses, tourist houses, overnight cabins, and motels.

(g) **Dwelling Unit.** A dwelling designed for or occupied by one family for living purposes, and having cooking facilities.

(h) **Family.** One or more persons living as a single housekeeping unit.

(i) **Home Occupation.** Any use conducted entirely within a dwelling or building accessory thereto which use is incidental to the dwelling and does not substantially change the character thereof, and in connection with which there is no outside display, nor equipment or supplies utilized in relation thereto of an objectionable nature.

(j) **Setback.** An open space on the same lot with a main building, open and unoccupied.

(k) **Front setback.** A setback extending across the full width of a lot, the depth of which shall be the least distance between the front lot line and the front of the main building, excluding steps.

(l) **Rear setback.** A setback extending across the full width of a lot, the depth of which shall be the least distance between the rear lot line and the rear of the main building, excluding steps.

(m) **Side setback.** A setback between the main building and a side lot line, extending from the required front setback to the required rear setback. The side setback shall be the least distance within the area thus defined extending from the nearest point of the side lot line to the nearest point of the main building.

(n) **Junk.** Junk means any old metals, old bottles, cotton or woolen mill waste, unfinished cloth or mill yarns, old paper products, old rubber products, two or more unregistrable vehicles, discarded machinery, or other scrap materials.

ARTICLE IX

AIRPORT ZONING

Section 1. **PURPOSE.**

In pursuance of the authority conferred by Chapter 51, of the Revised Laws and for the purpose of promoting the health, safety and general welfare of the inhabitants of the Town of Newport, by preventing the creation or establishment of airport hazards, thereby protecting the lives and property of users of the Municipal airport and of occupants of land in its vicinity and preventing destruction or impairment of the utility of the Airport and the public investment therein; the following regulations are hereby incorporated in the Zoning Ordinance of the Town of Newport.

Section 2. **PERMITS.**

(1) **Future Uses.** No material change in violation of sections 5 and 6 hereof shall be made in the use of land, and no structure or tree shall be erected, altered, planted, or otherwise established in violation of sections 5 and 6 hereof in any of the areas of land described in section 5 hereof, unless a permit therefore shall have been applied for and granted. Each such application shall indicate the purpose for which the permit is desired, with sufficient particularity to permit it to be determined whether the resulting use, structure, or tree would conform to the regulations herein prescribed. If such determination is in the affirmative, the permit applied for shall be granted.

(2) **Existing Uses.** Before any existing use, structure or tree may be replaced, substantially altered or repaired, rebuilt, allowed to grow higher, or replanted, within any of the areas of land described in section 5 hereof, a permit must be secured authorizing such replacement, change or repair if it is in violation of sections 5 or 6 here-

of. No such permit shall be granted that would allow the establishment or creation of an airport hazard or permit a non-conforming use, structure or tree to be made or become higher, or become a greater hazard to air navigation, than it was on the effective date of this ordinance or than it is when the application for a permit is made. Except as indicated, all applications for a permit for replacement, change or repair of existing use, structure, or tree shall be granted.

Section 3. DEFINITIONS. In this ordinance the following terms shall have the following meaning:

(1) "Airport" means any area of land or water, whether constructed or not, which has been approved by the director as a site for the landing and taking off of aircraft or utilized or to be utilized by the public as a point of arrival or departure by air.

(2) "Airport Zone" means an area having dimensions of 500 feet in width at the end of the landing strip and 2500 feet in width at a distance of 2 miles. The center line of this area shall coincide with the center line of the landing strip extended.

(3) "Airport hazard" means any structure, tree, smoke, steam, dust or other substance which obstructs the aerial approaches of a publicly owned airport or impairs the reasonable visibility in the vicinity thereof, electrical impulses and disturbances which interfere with radio aids or communications and lights which might result in glare in the vision of pilots of aircraft or be confused with airport lights.

(4) "Non-conforming Use" means any structure, tree, or use of land which does not conform to a regulation prescribed in this ordinance or an amendment thereto, as of the effective date of such regulations.

(5) "Person" means any individual, firm, co-partnership, corporation, company, association, joint stock association or body politic, and includes any trustee, receiver, assignee, or other similar representative thereof.

(6) "Structure" means any object constructed or installed by man, including such objects although regulated or licensed by other provisions of law.

(7) "Tree" means any object of natural growth.

Section 4. HAZARD MARKING AND LIGHTING. Any permit of variance granted under Section 2 may, if such action is deemed advisable to effectuate the purposes of this amendment and reasonable in the circumstances, be so conditioned as to require the owner of the structure or tree in question to permit the Municipal Airport at its own expense, to install, operate, and maintain thereon such markers

and lights as may be necessary to indicate to flyers the presence of an airport hazard.

Section 5. **ZONES.** In order to carry out the purposes of this amendment all of the land within the boundaries of the approach zones shown on the Municipal Airport Plan of Approach Zones adopted by the New Hampshire Aeronautics' Commission on 11/2/49, is hereby declared subject to the restrictions of this amendment.

Section 6. **HEIGHT LIMITS.** No structure or tree shall be erected, altered or allowed to grow within the areas described in section 5 hereof, above a slope ratio of 20 feet to one foot measured from the end of the landing strip served by an approach zone or above a slope ratio of seven feet to one foot measured from the side of the landing strips and the approaches, except that the Board of Appeals shall have the power to grant a variance of this regulation where literal application or enforcement of the same would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but do substantial justice and be in accordance with the spirit of this regulation.

Section 7. **USE RESTRICTIONS.** Notwithstanding any other provisions of the zoning ordinance, no use may be made of the land described in section 5 hereof in such manner as to create electrical interference with radio aids or communications between the airport and aircraft, make it difficult for flyers to distinguish between airport lights and others, result in glare in the eyes of flyers using the airport, impair visibility in the vicinity of the airport by the creation and discharge of smoke, steam, dust or other obstructions of visibility or otherwise endanger the landing, taking off, or maneuvering of aircraft.

Section 8. **NON-CONFORMING USES.** The regulations prescribed in Section 16 and 7 of this amendment shall not be construed to require the removal, lowering, or other change or alteration of any structure or tree not conforming to the regulations as of the effective date hereof, or otherwise interfere with the continuance of any non-conforming use. Nothing herein contained shall require any change in the construction alteration, or intended use of any structure and the construction or alteration, of which was begun prior to the effective date of this amendment, and is diligently prosecuted and completed within two years thereof.

Section 9. **VARIANCES.** Any person desiring to erect any structure or increase the height of any structure, or permit the growth of any tree, or use his property, not in accordance with the regulations prescribed in this amendment, may apply for a variance therefrom. Such variance shall be allowed where a literal application of enforce-

ment of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but do substantial justice and be in accordance with the spirit of this amendment.

ARTICLE X

Section 1. ADMINISTRATION.

It shall be the duty of the Board of Selectmen to enforce the provisions of this ordinance, provided, however, that they may delegate their powers and authority in administering this ordinance to a Building Inspector.

Section 2. BUILDING PERMITS

(a) The duration of a building permit shall be one year from the date of issue, and is renewable upon application.

(b) No building permit shall be issued unless the proposed building is to be finished on the exterior in a permanent manner with customary materials properly treated for exterior permanent finish.

Section 3. PENALTIES.

Any person, firm, or corporation which violates any of the provisions of this ordinance shall be guilty of a misdemeanor, and upon correction thereof, shall be punishable by a fine of not more than twenty-five (\$25.00) Dollars. Each and every day during which a violation is committed may be deemed to constitute a separate offense.

ARTICLE XI

Section 1. BOARD OF ADJUSTMENT.

There shall be a Zoning Board of Adjustment which shall have the powers and authority, and perform the duties as provided for such Board in Chapter 51, Revised Laws of the State of New Hampshire, 1942 as amended.

The Zoning Board of Adjustment shall also have the power, upon appeal, to grant an exception to the terms of the ordinance when there are conditions affecting a parcel of land which are not found generally in the zoning district in which it is located, and where a literal enforcement of the provisions of the ordinance would involve practical difficulty or unnecessary hardship and when relief may be granted without substantial detriment to the public good or without substantially impairing the intent and purpose of this ordinance.

The Moderator shall make the initial appointment of a Board of Adjustment pursuant to the Revised Laws of the State of New Hampshire 1942, as amended. Said Board shall serve until the next Annual Meeting, at which time their successors shall be elected at the Town Meeting.

ARTICLE XII

Section 1. VALIDITY.

Should any section or provision of this ordinance be declared invalid by a court of competent jurisdiction, such decision shall not affect the validity of the ordinance as a whole or any other part thereof.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Newport, in the County of Sullivan, in the State of New Hampshire, qualified to vote in District affairs:

You are hereby notified to meet at the Town Hall in said District on the 8th day of March 1958 at 1 o'clock in the afternoon to act upon the articles set forth in this warrant. Articles 1, 2, 3, 4 and 5 of this warrant covering the election of Moderator, Clerk, Treasurer, member of the School Board and Auditors will be acted upon at 1 o'clock p.m. and voting will be by official ballot and check lists, and the polls will remain open for this purpose from 1 o'clock p.m. until at least 3 o'clock p.m. At 2 o'clock p.m. the remaining articles will be acted upon.

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a Treasurer for the ensuing year.

Article 4. To choose a Member of the School Board for the ensuing three years.

Article 5. To choose auditors for the ensuing year. (Two or more.)

Article 6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

Article 7. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund, and other state sources, together with other income; the School Board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Article 8. To see if the District will vote to raise and appropriate \$5,000.00 for the purpose of operating special classes for retarded children — similar to the program which has been carried on for the last two years by the Newport Mental Health Association, Inc. (This article and the appropriation therefore of \$5,000.00 is submitted without recommendation of the Budget Committee.)

Article 9. To see if the District will vote to accept the recommendation of the School Naming Committee — that the new Junior

High School be officially named — "Newport Junior High School."

Article 10. To see if the District will vote to authorize the Moderator to appoint a Science Study Committee of 5 citizens to work with the School Board in making a survey of science facilities and other curricula needs at Towle High School and report at the next Annual District Meeting.

Article 11. To transact any other business that may legally come before said meeting.

Given under our hands this fifteenth day of February, 1958.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Newport:

I submit herewith my tenth annual report as Superintendent of Schools.

Enrollment

Our enrollment continues to increase.

Total in all Schools — Jan. 1, 1958 — 1271

Total in all Schools — Jan. 1, 1950 — 1051

We expect to graduate a class of 70 Seniors in June and to welcome approximately 135 pupils in Grade 1, next September. These added numbers become manifest to the School District in terms of additional teacher service, added facilities, books, supplies, equipment, etc. In addition, we continue to be faced with rising costs in the variety of services and materials that are needed to operate the schools.

Finances

Newport was fortunate to receive an **increase** of \$14,653.62 this year in State Equalization Aid.

School Year 1956-57 \$56,665.79

School Year 1957-58 \$71,219.41

School Building Aid was increased by the 1957 Legislature from 20% to 30% of the Principal payments on outstanding school construction notes and bonds. Newport received an **increase** of \$2700 this year from this source.

State Building Aid

School Year 1956-57 \$5400.

School Year 1957-58 \$8100.

Minimum Standards

New Minimum standards for New Hampshire High Schools go into effect in September, 1958 — as prescribed by the State Board of Education.

Towle High School will be able to remain an "Approved School" by making relatively minor changes. These include: an additional offering in the fine arts field, (we now offer only Glee Club and Band), provide some clerical assistance for the Principal, and continue to expand the course offerings in the Industrial Arts program.

In most areas, Towle High School is already offering more than the minimum state requirements. This, I believe, speaks well for the school, its staff, and the community.

Science Curricula

We endeavor to keep abreast of the times in our instructional offerings. For several years an up-grading of the science teaching has been in process.

Last year, a new basic Science series was adopted for Grades 3 to 6. It is planned to increase the activities — including experiments — in the elementary grades.

Two years ago, science was added as a regular course in Grade 7. In Grade 8, science was increased from three to five periods per week for all students.

Our high school offerings in science are as comprehensive as most of the larger schools within the state. The available courses in this field are:

Grade 9 — General Science

Grade 10 — Biology

Grade 11 — Physics

a. College

b. Practical

Grade 12 — Chemistry

a. College

b. Practical

The facilities for teaching Science at Towle High School are not adequate to effectively handle the needs of an expanding science program. Classes in Biology are now conducted in a regular classroom. The present Laboratory where Physics and Chemistry classes are taught, is small and basically unchanged from the time the building was constructed — some thirty-five years ago.

In a year or two, as larger classes — now in the Junior High School and the Grades — reach Towle, it will be necessary to provide expanded Science facilities — or deny to some the opportunity of taking courses in Physics or Chemistry.

Advanced Courses

At a time when many persons — in and out of education — are calling for a more serious approach to school work and higher standards, some consideration should be given locally for providing advanced courses to those students able to profit from them. Bright or “gifted children” should be allowed to progress at their own speed — especially in the fields of English, Math. and the sciences. To be effective, such classes should be small, provided with a good deal of specialized material and equipment, and taught by outstanding teachers.

Conclusion

It is becoming more and more difficult to maintain academic standards in the face of increased costs for services and materials, coupled with an alarming nation-wide shortage of competent, qualified teachers.

Your continued interest and support is urgently needed to counter-act an all-too prevalent attitude today — to be content and satisfied with mediocre intellectual achievement. Academic success can be attained only through hard work and genuine mental exertion.

Respectfully submitted,

GORDON B. FLINT

Superintendent of Schools

A rear view of the Junior High School — showing the Shop Wing in the foreground. (Courses in Woodworking and Auto Mechanics are now offered and a course in Electricity will be added next year.)

REPORT OF HELPING TEACHER

The position of Helping Teacher in this supervisory union is now in its fourth year of providing services as directed by the Superintendent of Schools and as established by law: “. . . to give helpful advice, counsel, and assistance to teachers, pupils and parents of a school system as a constructive means of improving the educational growth and development of children, solving pupil problems of retardation and maladjustment, adapting the program of studies to meet the needs of children and the community, bringing resources outside of the school to classroom teachers, pupils, and community, and in general acting as consultant to the entire staff and community in recognition of educational needs.”

The cooperation and encouragement given me by all school personnel in Newport, Sunapee, New London, Springfield, and Croydon have constantly helped me to keep in focus and seek the fulfillment of the objectives mentioned above. I wish to express my deep appreciation to all who have guided and helped me to realize the various responsibilities and services outlined below:

1. **TESTING PROGRAM** — Test scores, whether taken from tests of readiness, aptitude, mental ability, or achievement, are meaningful only to the extent they are used to guide the educational growth and development of children and of the school system as a whole. With increased interest and need for providing better education for the exceptional child, whether below or above the average, a closer look at test scores in achievement and mental ability together with careful consideration of all cases through conferences with teachers and principals may indicate the need for more effective grouping of pupils, either within a classroom or by separate divisions of ability.

a. **Achievement tests** are scheduled at all grade levels for the entire school system at the end of the school year. These are useful in determining each pupil's general level of progress and achievement, but are by no means the only standard used in a teacher's evaluation of pupil achievement. A tabulation of these scores helps to show the standing of a school system in relation to national norms, and to show yearly gains on a school or union-wide basis.

b. **Mental Ability Tests** are administered to pupils in grades 1,

4, and 7. These results are studied in the light of pupil achievement and help teachers discover the potentialities, capabilities, and special needs of pupils.

c. **Pre-School Testing** — Although relatively few of these tests have been given to pre-school youngsters to date, it is felt that this service will increase as parents become aware of the need for determining readiness of youngsters to enter first grade, either by reason of age or general maturity. Some thought is being given to the possibility of testing all entering first graders prior to the opening of school as a means of early grouping of youngsters according to their needs and background of experiences.

2. **CLASSROOM VISITS** — Visits are made with a purpose and make it possible to share the physical, emotional, and educational atmosphere of the classroom. Follow-up conferences with teachers are intended to exchange ideas, review general observations, and to promote instructional improvement, especially with new teachers and experienced teachers in new positions.

3. **RESOURCES AND MATERIALS** — These are essential in providing enrichment in teaching, with greater interest and learning for pupils. New texts, references, bulletins, and other memoranda bring to the classroom a variety of teaching aids and all help to strengthen the overall curriculum. Science at the elementary level, and social studies and English at the secondary level have been more recently under study with the hope of improving the curriculum in these areas.

4. **MEETINGS AND CONFERENCES** — Whether a formal staff meeting, an informal chat with a teacher, participation in P-TA discussions, or attending educational conferences, such meetings cover a variety of topics, including the reporting of pupil progress to parents, curriculum materials, promotion of pupils, tests and their use, pupils with special problems, ideas for special grouping of pupils, and many other topics — all aimed at providing the best education for all.

5. **AUDIO-VISUAL AIDS** — The filmstrip is still the most useful and effective teaching aid in this field. Although the sound motion picture film is an excellent aid to teaching, it rarely available when it is needed most. This year, with new filmstrips added in the fields of social studies and science, our library has seen considerable use in all schools. Future plans include the purchasing of more filmstrips in other areas of the curriculum.

6. ADULT EDUCATION PROGRAM — Although this is a relatively small part of the services of the Helping Teacher, it has made possible the offering of adult courses in typing, bookkeeping, sewing, and woodworking. As interested citizens become aware of this program other courses can be offered in the future.

The work of Helping Teacher shares in many other services and responsibilities of education, including conferences with parents, individual testing of pupils, the provision for in-service training of teachers through extension courses, assisting teachers with problems of keeping the school register, and many other interesting and varied experiences. The cooperative spirit of all teachers and the mutual interest in the best education for all make this work a purposeful pursuit.

Respectfully submitted,
ALPHONSE J. SOUCY

ANNUAL REPORT OF PRINCIPAL

Towle High School

Mr. Gordon B. Flint
Superintendent of Schools
Newport, N. H.

Dear Sir:

I hereby submit my fifth annual report of Towle High School.

Last September, the Ninth Grade was moved from Towle to the Newport Junior High School which reduced the pupil enrollment to about the number that the Towle building was constructed to accommodate. This enabled us to remove some of the extra desks that had been crowded into each room, to get by without using the Lab for a homeroom, and to use the temporary classroom in the corner of the Auditorium for a library. This coming June about 70 seniors will graduate, and in September about 105 tenth Graders will move in. This means that we will use the Lab as a homeroom again. The following year we will graduate about 65 and receive about 112 tenth graders.

Needless to say, the relief from overcrowding will be of short duration.

This year we have undertaken an extensive review of our English curriculum, and are developing a program which will require extensive writing, reading, and research papers.

In the last three years, we have reorganized our Math program to bring it into line with the new program developed by the State Department and the leading schools of the State. Each student is now required to have a minimum of two years of mathematics, or its equivalent.

The next area which needs considerable attention is the Science Department. Here, the Lab is used each period of the day for either Chemistry or Physics. In a year or two, we should add another science section. At present, Biology is taught without adequate facilities. Plans need to be developed to provide for additional Science and Lab facilities if we are to do an adequate job of preparing our graduates for advanced schooling and this scientific age in which they live.

Parents and students need to realize **without delay** that educa-

tional requirements are being up-graded rapidly. No longer can students expect to pick the school of their choice. Many will be fortunate to be accepted at their second or third choice schools. No longer can students shop for the institutions which will offer them scholarships. With colleges selecting one out of from five to fifteen applicants, admission becomes the number one problem.

High grades and the accompanying high record of achievement is the only real criteria for admission to college. This means a lot of work, and good work throughout high school, or a year or two of additional preparation at Prep School — an expensive substitute for adequate work while in high school.

The choice is up to the students and parents. The college preparatory courses must be taken and the quantity and quality of work must be done if the students are to be in a favorable position for acceptance. This degree of preparedness can not be attained without a lot of hard work — both at school and at home.

Of the 1957 graduates, 46.3% went on to further training in colleges, nursing, and business schools; 42.6% went directly into employment; 8.3% went into the Armed Services; and 3.8% were married.

With the increasing difficulty of getting into college, and the rising unemployment situation, it becomes a real challenge to have the Class of 1958 achieve such desirable percentages. It will be increasingly difficult for the ensuing classes.

One of the difficult things to realize is that the opportunity for a college education for everyone who has the ability and the ambition for it is apt to become an American dream, rather than the reality it has been in the past.

Colleges are being deluged with applicants with the result that the most popular schools are selecting one out of every seven to twelve that apply. This leaves a staggering number who must try to get into second or third choice schools, which in turn means, those schools will become more selective, and the end result, in turn, will be that many will be refused admittance.

Already, many schools are accepting only those with honor grades.

Parents and students must be alerted to the fact that many colleges are admitting only those who graduate with honor grades, and that each year, this becomes more selective as numbers continue to increase.

No longer can students worry about scholarships or do much

shopping around. The foremost and immediate problem is to get accepted. Once accepted and proved, there seem to be many scholarships and grants available, but proof of the student's ability and willingness to work precede very much consideration.

I wish to thank the School Board, the Superintendent, the Faculty, the Student Body, and the citizens of Newport who have cooperated to add another year of achievement to Towle's history, and more particularly, to those who are planning ahead to even greater achievement in the future.

Respectfully submitted,

HOWARD R. KIMBALL

ANNUAL REPORT OF PRINCIPAL

Junior High School

January 1, 1958

Mr. Gordon B. Flint
Superintendent of Schools
Newport, New Hampshire

Dear Sir:

I am pleased to submit my first annual report as Principal of the Junior High School.

On September 4, 1957, the new junior high school was opened with an enrollment of 357 students, consisting of grades seven, eight, nine and one section of grade six. The opening marked a major step forward in the educational facilities for the town of Newport.

The building has proved to be extremely efficient in operation. Because of the new facilities, which create a pleasant atmosphere, the educational interest and achievement of the students have greatly increased.

The building was formally dedicated September 29, 1957.

It has been used for many community activities such as adult education classes, meetings, banquets, baton lessons and school concerts.

In the school itself, physical education and sports activities have been expanded and will continue to do so in future years. The Junior High Basketball Team, with new uniforms purchased with profits from the magazine campaign, has participated in a full schedule of games. It is anticipated that the baseball team will do the same.

Intramural basketball games for grades 6-9 have been held Saturday mornings.

Clubs and organizations that have been newly formed or continued include the following: Student Council, Science Club, Cheerleading, Photography Club, Glee Club, Junior High Band, Stamp Club and Newspaper Club.

An Arts and Craft Contest and a Prize Speaking Contest were held in the fall.

The magazine campaign was a very successful project this year. A net profit of nearly \$700.00 was realized. These funds have been utilized to buy athletic equipment, library books, and other important items for the school.

As a result of the Junior Red Cross Campaign and the donation of canned goods by the students, seven large boxes of food were delivered to needy families during the Christmas season.

With the addition of a second cafeteria in the Newport Schools, the number of lunch sales has increased considerably as has the num-

ber of free lunches which are given to those students who would otherwise be unable to have them. A complete statistical account of the Newport School Cafeterias has been attached to this letter.

While many extra curricular activities are offered to the junior high students, I believe it should be emphasized that the most important phase of their schooling continues to be their academic subjects. It is extremely important at this level that the students obtain the best possible foundation in such areas.

I feel that in the near future serious consideration should be given to the addition of an art supervisor. The increasing importance of art and its related activities, as a vocation and as a recreational activity, necessitates its consideration as an addition to the curriculum.

I wish to thank the citizens, parents, students, faculty, custodians, and other school personnel who have helped to make this first year a successful one.

Respectfully submitted,

JOHN H. SOKUL

Principal

ANNUAL REPORT OF PRINCIPAL

Richards School

Mr. Gordon B. Flint
Superintendent of Schools
Newport, New Hampshire

Dear Sir:

I hereby submit my first annual report as Principal of Richards School.

Occupancy of the new junior high school resulted in Richards School opening on September 4, 1957, strictly, as an elementary school with a pupil enrollment of 515 pupils. This re-organization produced some minor problems but these have been straightened out. Richards School now houses:

3 sections of Grade 2
4 sections of Grade 3
4 sections of Grade 4
4 sections of Grade 5
2 sections of Grade 6

Richards is participating, for the first time, in the annual Union Leader State Spelling Bee.

The activities program has continued and square dancing, folk dancing, daramatics and creative art are participated in at all grade levels. The new Richards Band has rehearsals on Thursdays. Many pupils are now receiving instrumental lessons in music. The Music Supervisor has organized a boys' choir and is in the process of organizing a girls' choir.

The Richards Cafeteria is now serving, on the average, more than 300 meals each day.

A new Richards School Library has been installed and is now being used by all the pupils. Some of the books for the library were donated by students, citizens of Newport, and the Junior Red Cross.

I want to take this opportunity to thank the Newport P.T.A. for the \$50 donated for the purchase of playground equipment.

I wish to thank the parents, teachers, pupils, school personnel and citizens who have helped to make this a successful school year.

Respectfully submitted,
ALKIVEADIS JURIS
Principal

REPORT OF SCHOOL NURSE

January, 1958

Mr. Gordon B. Flint
 Superintendent of Schools
 Newport, N. H.
 Dear Mr. Flint:

I submit herewith my fourth annual report as School Nurse.
 September, 1956 - June, 1957

- 408 Physical examinations by Drs. Alfred Hanscom and Robert Maxfield
- 2578 Salk Polio inoculations by local doctors: 1st, 2nd, and 3rd inoculations
- 495 Patch Tests for Tuberculosis
- 1002 Vision Tests (15 defects and 10 corrections)
- 494 Hearing Tests (2 defects - 2 corrections)
- 283 Home visits
- 20 Dental Clinics — 22 children examined and 24 children treated by Drs. Edward Keane and Costas Poulous
- 442 First Aid treatments
- 24 Doctors' office calls
- 12 Children taken to hospitals for x-rays and medical treatment
- Follows-ups for physical defects — 10

Clinics:

- Mental Hygiene — 5 — September, November, January, March and May
- Polio Clinics — 4 — September, October, November and May
- T. B. Chest Clinics — 2 — November and May
- Dental Clinics — 20

Communicable Diseases:

- Mumps — minor epidemic of 159 cases
- Chicken Pox — 16
- German Measles — 6
- Impetigo — 6

This past year has been a clinical year at school. We had twenty-three not including our Dental Clinics. There were three large Polio

Clinics at the schools. It is most satisfying to report that approximately eighty-five per cent (85%) of our children have had three Salk Polio inoculations.

The Dental Clinics were most successful, although we did not have as much money as the previous year. However, the needy children benefited greatly from this service.

I wish to extend my gratitude and appreciation to the Women of the Moose for their yearly contribution to our Health Fund, to the Rotary Club for their contribution to the Dental Clinic, and to the Lions Club for their help for Visual Aids.

Sincere acknowledgment is expressed to Mr. Flint, School Principals, all other personnel, and the Custodians, our local doctors, dentists, parents, and citizens of the community for their cooperation and assistance during this past school year.

Respectfully submitted,

MARY F. LORD, R. N.

School Nurse

REPORT OF SCHOOL NAMING COMMITTEE

To the citizens of Newport:

Herewith is the report of the committee appointed by Moderator John C. Fairbanks at the 1957 annual School Meeting to recommend a name for the new junior high school. Members of the committee are: James Ferriter, chairman, Natalie Anderson, Marcella Bushway, Standrod Carmichael, Kermit Daimont, the late Robert Mosley and Catherine Woodard.

The committee hereby submits as their recommendation the name, "Newport Junior High School."

Respectfully,

JAMES F. FERRITER
